## Revision of Projected Dividend Payment for Fiscal Year 2008

At its Board of Directors meeting held on August 7, 2008, Future Architect, Inc. revised projected dividend payment for the fiscal year 2008 as shown below:

### 1. Reason for Revision of Dividend Forecast

Future Architect planned to pay ¥1,100 per share as a term-end dividend for the fiscal year ending December 2008; however, we will revise the projected dividend payment for the fiscal year 2008 upward to ¥1,600 per share, since the earnings for the first half of the current fiscal year grew significantly from a year earlier on both consolidated and non-consolidated bases and earnings are expected to remain robust in the second half as well due to brisk order intake.

### 2. Details of Revision

Base date	Dividend per share (yen)		
	End of interim period	End of term	Annual
Previous estimate (Announced on February 7, 2008)	—	1,100	1,100
Revised estimate	—	1,600	1,600
Dividend paid in the current fiscal year			
Dividend paid in the previous fiscal year	—	950	950

Note: The above forecasts are based on information available as of the day this material was announced.  
Various factors may cause actual results to differ from these forecasts.
