Notice on Schedule Change for Business and Capital Alliances with SG HOLDINGS CO., LTD.

The Company hereby announces that it decided on July 31, 2009, to change the schedule for the alliances described in “Notice on Business and Capital Alliances with SG HOLDINGS CO., LTD.” which was released on May 28, 2009, as follows:

1. Reason for changing the schedule of business and capital alliances

With regard to business and capital alliances, Shin Yasunobe, President and COO of the Company, assumed the position of President of SAGAWA COMPUTERSYSTEM CO., LTD. (“SCS”), which is a core IT company of the SGH Group, effective June 8, 2009.

Under the new system, discussions on the formulation of IT strategies and specific details of the business alliance are currently ongoing. However, we decided to change the schedule for the signing of individual contracts for capital alliances and personnel exchanges, which were initially scheduled possibly for July 2009, since we will make the capital alliance based on the latest stock value of both companies and require time for the necessary third party evaluation.

2. Schedule after change

Signing Individual Contracts for personnel exchanges and capital alliances under the letter of understanding

Mid-August – mid-September 2009
(planned)

3. Future outlook

Both companies will discuss the details of personnel exchanges and capital alliances with a view toward finalization by the end of August.

Specific details of the business and capital alliances will be disclosed as soon as they are decided. The effects of this alliance on the consolidated and non-consolidated business results will also be disclosed as the details become clearer.
