

## **Kobe University and Future Sign Joint Research Agreement Collaborative promotion of Digital Transformation in universities and hospitals**

Future Corporation  
TOKYO, Japan, August 17, 2023 / Future Corporation

In April 2023, Kobe University (President: FUJISAWA Masato; Kobe City, Hyogo) and Future Corporation (Headquarters: Shinagawa-ku, Tokyo; Chairman and President, Group CEO: KANEMARU Yasufumi) signed a joint research agreement for research and trials regarding Digital Transformation at the Kobe University Graduate School of Medicine (Dean: MURAKAMI Takamichi; Kobe City, Hyogo) and Kobe University Hospital (General Manager: MANIWA Yoshimasa; Kobe City, Hyogo), and held a press conference on August 17. Using digital technology, we will conduct research to reduce workloads and improve quality at the graduate school and hospital, working to improve medical practices and promote Digital Transformation.

Kobe University is promoting the use of technology and digitalization in various fields as part of university reform. Utilizing the knowledge and know-how accumulated over the years as an IT consulting firm, Future launched in 2020 the Healthcare Innovation Group, a specialized team dedicated to solving healthcare problems through IT innovation. We are now making a full-scale entry\* into the digitization business in the medical field.

Kobe University and Future will contribute to providing effective and sustainable medical care by promoting Digital Transformation and innovation in the university and hospital using cutting-edge technology in collaboration between industry and academia.
